BELIEVE IT OR NOT

WELCOME

June 16 & 17, 2018

Welcome to Atascocita Community Church. We are glad that you have taken the time to be with us today for one of our worship services. If this is your first time here, we would love for you to stop by the Welcome Counter located in the lobby. There you can find information about the different ministries we offer, and how you and your family can plug into our church. We are committed to seeing people love God and love people. If there is anything that we can do to help you with your relationship with Jesus please let us know. Again we are grateful that you decided to be with us today. We pray that you are blessed and encouraged by our worship service.
